The Class of 2007
Dedicates their Yearbook to...

Mrs. Debora Choquette has been our health teacher, peer advisor, and friend for many years. For some of us, she has been a motherly figure; hosting parties, attending sporting events, and even accompanying us to Europe for a week. Her presence in West Boylston, espeically in the school community, has been incredible since we were young, and we are confident that she will continue to smile even after we are gone. There just aren't enough words to describe this beautiful, amazing, woman, but we will always remember her laugh, her kind voice, and her smile, and the different ways in which she touched each one of our lives. Thank you, Mrs. Choquette, for your inspiring words, heartfelt advice, and unceasing encouragement over the years. We love you!

The past four years have been great. I never imagined that I would meet so many great people in high school and have so much fun! To my closest friends: Kelli- so many great memories, from working on projects together, to hanging out, you are always lots of fun. Meg- you are the best friend to have when it is time to dance! Rachel- we may have done nothing but I will never forget all of our good times! Sarah- we have had so much fun together, I know I can always turn to you for a good laugh! Good luck to EVERYONE!!

Mom and Dad: you guys have given me so much reason for being the person I am. Beck: you have always been a great person to go to when I'm in need. I really appreciate all the guidance you've given me. My whole family too, you guys have been, and will continue to be huge influences in my life. I love you all; thank you! Billy: too many good times man, you're the best brother I never had. We've been through everything, man. I really appreciate all you've done for me. You have to come visit me at college... Tyler: you were the first friend I had in W.B. We're more alike than anyone would think, and we'll have to keep up the late night talks. To the golf, basketball, and baseball teams: keep it real, but most importantly, keep winning! Blake: my true golf buddy, keep up the chill, and keep hitting up Papa's. To everyone else, I'll never forget you. Thanks for the memories. Keep it real West Boylston!

I first came to West Boylston as a junior, to a school where everyone has been together all their life, so I don't really have any of the stories that many of you have. But, I can honestly say that I don't regret coming here and I hope by the time I'm reading this in the yearbook, that I have made plenty of new friends I wasn't able to the first year I was here. So first off, my Youth Group: You guys might not have even realized it, but you have got me through a lot of tough times, more than you can imagine. I made some of my greatest friends there and I don't know where I would be now had I never gone. Second, my family: You mean so much to me. I might not be good at showing it, but you really do. Third, my friends: To my class of 2006 friends, I hope you are all doing well, last year was great and I will never forget how you made me feel right at home. To all my other friends, good luck, to wherever life brings you.
And to the class of 2007, take care.

I can't believe high school is finally over. The past four years flew right by. I had a great time though and gained a lot of memories. First, I want to thank my Mom and Dad for always being there for me. Also I want to thank my older sister Janell and older brother John for helping out and begin good role models. As for all my friends, we had some great times. Shout out to all my fellow seniors, my boys from basketball and golf teams, the Mungrel Nation. I will never forget playing whiffle ball, all those poker tournaments, ruling the fifa and madden fields, going to the rope swing, fantasy football, and driving around just to have a good time. I know there will be many more memories to come. Well I guess thats it. Good luck class of 2007 and hope to see you all down the road somewhere. Peace.

So after a lot of procrastination... a big thank-you [and hug] goes out to Mom and Dad, thanks for always supporting me. Paul and Sarah, thanks for putting up with me. Paul ¿lo que paso en el mundo? and Sarah, dancing in the kitchen. I love you. Class of 2007, we've all been together, for what seems like forever. Thanks for the everyday memories, the inside jokes, the laughter, basically, those random moments that make high school memorable. From homecomings, proms, basketball and football games, to Hampton, Moes, Europe, and Darby's. There were fires, pools, deep talks, and girls nights. ~Lunch table, it has been a great four years of laughter and chats. Student Council, keep shaking your tails. Tennis girls, buckle up and buckle down. My lovely friends: thanks for keeping me sane. High School would not have been the same without you [and our crazy times]. I love you all so much, km.mf.sr.sm. kf.lw. dc.al.cl.da, everyone else... brown squirrel, green peace, marco polo, burritos, lion painting, random dancing, beach bum, and everything else. Well, what has seemed to take forever has finally come [way too fast of course]. These last four years have been amazing!
CONGATULATIONS and GOOD LUCK 07.

Thank you mom and dad, I love you both so much, thanks for everything. Colleen- good luck at Kent, couldn't ask for a better sister. The rest of my family, thank you so much- you all mean the world to me and thank you for helping me get this far. To my guys and girls, b-ball at the courts, cards, cars, late night Madden, Urlacher, lunch table discussions, homecoming, Europe, the pub, wiffle-ball, Baseball, Golf, the many adventures on half days, and just chillin. I wouldn't have had it any other way. We grew up together in this town, and now that we are all going our own ways it makes me sad. These were the best four years of my life and I will never forget the people or the memories.

Wow, these four years have seemed to just fly by. First off, I don't know how I could have done it without my family, they always made me do schoolwork even when I had a million better things to do. Mike- best friends and neighbors since age 3. We've had some crazy adventures and I'm sure they'll keep coming. AB- keep at them drums kid. You've given me so many rides over these four years and I've probably given you only 3. Let's just say I owe you one. Difed- All those hours working at WB Cinemas. Hartigan- good times in English. We spent many an hour at many final tables during our poker craze. It's amazing how fast high school has come and gone. It seems like just yesterday we were all graduating from eighth grade. I've had tons of good times over the past four years and I have to say, I wouldn't trade them for anything. I'm going to miss the endless hours of madden and fantasy football and the constant smack talking at school. I'd like to thank all of my friends for everything they have done for me and all the good times that they have shared with me. To everyone that lives in the Lee St. area, it was good growing up with you guys and I'll never forget all the stupid , yet fun things we did. I would also like to thank my mom and dad for always trusting me and supporting me in all the decisions I have made throughout life. Jeremy, even though we fight all the time I wish you the best of luck in whatever it is that you choose to do. As for the rest of the class of 2007, I wish you good luck and I hope you guys don't forget me because I'm sure not gonna forget any one of you.

My name is Olli [Oh-lee]

I am an exchange student. My home is in Espoo, Finland. Finland and America are not that different from each other. Finland is 7 hours ahead of America, it took me a couple of days to get used to the time difference. My year in America doesn't count here academically as they would in Finland, so I have to repeat 12th grade when I return home. It stinks, but I wanted to come here and learn more about America. This school is the same size school that I go to in Finland. It is really not that much different than my school at home, but you have more rules. This is a small school in USA, but in Finland, it is a normal size school because we only have 5 million people in Finland.

I want to thank everyone for a great year and the Roger's family for hosting me and putting up with me because I talk too much.

It's been a long, strange trip. It's kind of hard to fit all your high school experiences into one paragraph, but oh well. We've had a lot of crazy times over the past four years. I'll always remember playing Wiffle ball at Lowell Stadium, the Super Bowl parties, Homecoming, playing soccer in the rain, always losing my money at poker, Coney Island trips, football games, and just hanging out with everyone. I'll never forget you guys. Yeah relax, shake my hand. Good luck to everyone. Later W.B., keep it real.

Well, I've been thinking about my senior writeup since I was like 12, and now I don't even know how to start it. Mom, Dad, Evan and Alicia: Thanks for listening to me complain about school so much, but still making sure I do my best. I love you. Evan and Alicia, you're not just my siblings, but two of my best friends as well. I love you guys. Ang, Anna, Beth, Chelsea K, Jer, Mard, Mat, Meg and Sarah: I can't believe how long we've all been friends. We've had so much fun: Driving around yelling at people, Chelsea's video camera, Beth's basement, Anna's annual Halloween parties, Chelsea's lake house, camping at Jer's aunts, countless shows, late night adventures, Sarah's after prom, going out to eat pretty much every night, huge feasts from Meg's dad, trips to Boston, Europe, etc. etc. I'm sure we'll continue making memories for years. Thank you for everything. I love you guys! Good luck everybody!

Chelsea Mard, we lived together for 10 days in a foreign country, I think we could survive anything. Mat, what can I say really? I love all of you and owe you more than you'll ever know! But, in the end, if there is anything notable I want to remember about high school, it's the fact that not a single day went by when I didn't laugh oh, and it was like that! This long road of memories finally comes to a much awaited end. This is where we test the strength to all the things we have said these past years, and see just how much we meant to them. The final test of true laughs, cries that have made this whole experience, diverse and great. I do not know what the future holds for each and everyone, but one thing I am sure of, what was meant will prevail through time. Thank you to all the greater forces for guiding me, and putting such amazing people in my path. Without them I would not be who I am today, and no words will express my gratitude to them. The experiences that were lived during these past one thousand and sixty one days have been more than a growing period; they have enriched our minds, and helped us become who we are. We have discovered the true values of our young adulthood, and have made many memorable moments. These moments may have been foolish to many but they were ours to cherish. Putting grudges and dramatic events aside, I wish every one of you a great life, and prosperity. Exit

I can't believe that my years at West Boylston are finally ending. I'll never forget all the adventures these 12 years have brought me. From starting as a small kindgartener in elementary school to a high school senior, I've learned skills that have been essential to me over the years. I have had some pretty awesome times as well. Without my friends and family, those times wouldn't have nearly been as sweet as they were. I want to thank Leif Hartwell, Louis Shubert, John Hall and Brian Lenahan for having some pretty crazy but awesome times in st Edwards. Whether we rode our bikes around town or just hung out, we had some great times. As I grew older, I made even more friends in middle and high school. Joe Carlson, Anthony Marshall, Derek Lussier, Adam Ward and Ryan Douglas, thank you guys for all the awesome times we spent in school, playing poker and just hanging out, those were the best. Justin Riopel and Corey Kneeland, you two are the funniest people I've ever met. Linze Brisette, you've always been just like a sister to me. Thank you to everyone on the football and tennis teams, I had a blast. Also, thank you Erica Henrickson for making my last two years of high school, some of the best years of my life. I can't believe its the year 2007 and we're graduating! It's so weird to think that we're actually growing up, moving on, and discovering who we really are. Looking back, I wish I hadn't spent so much time complaining about the homework, deadlines, and early mornings. I gained so much and didn't think it would be so hard to say goodbye, I guess I figured we'd be 16 forever. West Boylston High School has given me incredible memories, friends, and laughs that will simply be impossible to forget.

I want to say thank you to my friends, family, teachers, and everyone who dedicated their time to help prepare me for a successful future. You will be forever appreciated.

At the end of eighth grade, I left most of my friends in Sterling and came to West Boylston High School. Walking through the front doors of our school on my first day here was one of the hardest things I've ever had to do. But, the years flew by and I've been lucky to meet a lot of great people and leave with some really great memories:
Wiffleball and cards
Pasta Day
Boston with DECA

Marshmallows and Notebooks at the end of the year

I have nothing sentimental to say about high school or half the people in it. I do have to say though, that I'm happy to have met Ang, Beth, Caity, Chelsea, Mardie, and Molly. I'll remember escaping with Beth through backyards, playing house with Caity and Chelsea, terrible piercings, Rocky Horror, bedroom dancing with Ang, dancing at shows with Molly, Chelsea Mard and her amazing laugh, Highland Street coffee breaks and drive-bys, being a Benetar, playing in fountains late at night, beeping at everything, and having the best haircuts. You guys have made my high school experience worth while. Thank you family for all the love and support you've given me over the past 4 years.

Hey! We made it! I can't believe we have to go into the big world now and leave WB! I don't know one person that would wanna do that! The three years I've been in high school at WB have had their ups and downs, and I'm just glad that I made it through. To the one that's been there for me, Jon, I love you so much. It would take a lot more than 200 words to write what we've been through, but no matter what it was, I'm so happy it's been with you. To my friends, two of my best friends, Anna and Vicky, we've had soooo many laughs! Love you both! Also- Alisha, Dave, Sarah C, Nick C, Meg, Chels K, Olli, Liz W, Rachel B, JenT [Darby's!], Caity R, and Lauren R, Kali B, and Meg F for pushin' me to cheer. My Wachu friends- Jamie, Dan, Donuts, Ty, J-Rod, J, Colleen, Rachel, Shauna, Timmy, Luke, Julie, and Ariel. To Momma, Dad, and Big Bro aka Doolie- even though all those times you've bugged me while I did my homework, I couldn't have done it without you! Good luck to all in the Class of 2007.

Now that were leaving high school, we're expected to grow up and become mature responsible young adults. The thing is, I want to hold on to this time in my life for as long as I can. I've had the power to be completely spontaneous and random with a spur of the moment attitude. I know that when I turn around and look back on high school, I am going to smile. The past four years have been a blast. I know that it wouldn't have been anywhere near as good though without the people I care about the most. Mom- you have worked so hard ever since I was little to give me as much as you possibly could. You are my best friend. Cheerleaders- you have become the sisters I never had and taught me how to be part of a family.

To put a pen to this paper and put a good to our byes is not as simple as it seems. I came into West Boylston hoping to make new friends and learn new things, and I did that and much more. I had such good times with such great people. I can remember back to the first day of school, when I knew no one that entire day. Until someone made me laugh, my first friend that was, and my best friend now. I wouldn't have made it through these 3 years here without any of my friends, I love you guys so much. I'll never forget our endless laughs, fun weekends, and adventures. Mom and Dad- thanks for pushing me. I know it seemed like I hardly listened, but I had it in me the whole time. I made it through. You two have taught me so much already. Well, I just want to say a little something to all those people who helped me get through high school, and then those who made it all the more interesting. To my parents, I just want to say thank you. I don't think I ever would have survived if it wasnt for your constant support and guidance. To my sister, AnneMarie, and little brother, Austin, there was never a dull moment with you two, that's for sure. Whether we got along or we were fighting, there was always something to do. Derek, you certainly made high school interesting, to say the least. Just be sure to grow some hair! Joe, your timely affronts and remarks will be sorely missed. Anthony, it sure is going to be a lot quieter without you around. Ryan, I'm sure you'll become a great historian someday, or something of the sort. "Yeah, though I walk through the valley of the shadow of death, I will fear no evil: for thou art with me."

I would like to acknowledge a few people: First, my father, who has been there to help and care for me since the beginning. Second, my brother, Danny, who never fails to brighten up my day and make me feel grateful for what I have. Third, my best friend, Nicole Beshai, who has been my good friend for quite a while. When I look back on these past few years I see things very differently than I did then. Presently, I have a new-found perspective and maturity that enables me to interpret the same 4 years in a different manner. I hated what I saw then and I hate it now, but at least I can say that I learned something out of it.

"Friendship is a single soul dwelling in two bodies." ~Aristotle

When I found out I was going to WB high school, I was so scared and nervous, I didn't want to go at all. I had heard how hard it was to make friends, since everyone was so close to each other. But that was the complete opposite. The past four years have been a life changing experience. I have met the most amazing, fun, incredible people anyone could ask for. Meg, my best friend, my other half, what an experience this has been. We've been through about everything and we stayed by each other's side through it all. You've helped me become who I am today. I want to say thanks and I love you so much! Liz, you also hae been there for me and I love you. Curly + Moe + Larry for life! "If at first you don't succeed, do it like your mother told you." ~ Unknown

High School has been crazy. I've done some good things and even more, some stupid things. I had as much fun as possible and I don't regret anything. I learned more about myself in these past four years than I have in my entire life. I know who I am, who I wanna be and I don't care what anybody has to say about it. I wanna shout out to all my boys, you kids are the best and I'll never forget the crazy, stupid stuff we did. I love my girlfriend Alexx, she's the most amazing girl in the world and the reason I stayed in school to get that diploma anyway. But whatever, I don't wanna waste another second in this town. It's time for me to peace out. W.B., it's been real. Thanks Dad, Mom [especially] and Dylan.I love you guys. ~ Johnny.

"If your going through heck, keep going" ~ Walt Disney

School is heck, I'm not gonna lie to you, but after going through it all you kind of miss everything that you were used to and everyone that you talked to. Looking back from my senior year I almost regret slacking off for 3 years, it's going to make everything a little bit harder in life. But whatever, high school was still fun as anything. My best year was actually freshman year. Everything was kinda fun that year, didn't really have to worry about work at all. I've made a lot of friends along the way, kinda established a friend group by sophomore year. Our school is so small though, I mean, now that we are seniors, everyone knows everyone, and although some people have their enemies, basically everyone is friends. I don't really got anything to say so to any underclassman that reads this, as long as you DON'T follow in my footsteps, you should be all set.

I love you both with all my heart. Sarah- my best friend, my other half. We've had the most fun time since the day we meet. Thank you for always being there for me, and helping me through life. I love you so much! Liz W.- my other best friend, you are an amazing person Liz, thanks for all the memories, even the bad ones haha. I love you! Jess, Molly, Bethy, Mardie, Angie, Chels K., Alicia, and Kari. Thanks for all the memories girls, I love you all! Mat Roberts, Dave, Johnny, and Nick C- you guys are crazy boys and i will never forget you! High school is finally over and best of luck to everyone going into the really world!

Hey guys, wow I can't believe we're actually graduating! These past four years have flown by! I've had some amazing times in and out of school that I will never forget! I just wanted to thank all of my friends who have been there for me![you know who you are!] I couldn't have made it through these past four years without you guys! We've had some crazy times that I will always remember! There's way too many to even begin listing, and some I wouldn't even be able to put into words! I'll never forget any of you no matter what happens, if we remain friends or never talk again, you've all made a huge impact in my life. I'd also like to thank my mom and dad for putting up with me these past four years. I know I haven't been the most wonderful child, at times I was probably one of the worst, but you guys always put up with everything!, and even though at times it may not seem like it, but I really do appreciate everything you have done for me. I still can't believe we are done! I'll miss everyone! Good luck class of 07!

Thirteen years of schooling is finally over. Now I'm all grown up, and it's time to move on and face whatever else God has for my life. With that being said, I would like to say thanks to my Lord and Savior, Jesus Christ. I've gone through so much these past few years, and He's always been there for me. I'd like to thank my parents for loving me and always being there. I love you guys and I'm grateful that God gave me parents like you. I'd like to say thanks to Sarah, for being the best little sister ever. I love you and I'll miss you when I go off to college. Finally I'd like to say thanks to my best friend. Nikki, you've always been there for me. You made me laugh whenever I was feeling depressed and I can't even imagine how boring my life would be without you in it. I mean come on: Kyle Mister Sir, 'stalking' Marc, barn pants leg leg, Harry and the invisibility cloak, laughing hysterically about nothing, and the list goes on. I'm going to miss you so much and now you should be happy because you're in my yearbook.

I have only eight months until I'm finally out of high school and me being only 16 years old, I doubt I can say anything significant but here I go. I was always one of those people that loved high school. Not for its education but for the socialization. I'll always remember everyone. My two best friends are Justin and Anthony. Too bad Anthony dropped out because he would've had an awesome time being a senior. Justin and I have too many good times to remember. The three of us have done so many silly nilly things. There are a lot of other people that I freaking love in this school. Ryan throws some good shin digs. Jesse Snow is a pretty goofy guy but always cheerful and funny. Liz Welch and Andy Janda are amazing girls. Rachel and Megan always put a smile on my face. Many other people are awesome but I don't have enough words to talk about them. Haha sorry. Thanks for the wonderful four years. In about 10 years, I better see Keith Wiley as president.

My Wish

Rascal Flatta

I hope that days come easy and moments pass slow,
And each road leads you where you want to go,
And if you're faced with a choice, and you have to choose,
I hope you choose the one that means the most to you.
And if one door opens to another door closed,
I hope you keep on walkin' till you find the window,
If it's cold outside, show the world the warmth of your smile,

More than anything, more than anything,
My wish, for you, is that this life becomes all that you want it to,
Your dreams stay big, and your worries stay small,
You never need to carry more than you can hold,
And while you're out there getting where you're getting to,
I hope you know somebody loves you, and wants the same things too,
Yeah, this, is my wish.

I hope you never look back, but ya never forget,
All the ones who love you, in the place you left,
I hope you always forgive, and you never regret,
And you help somebody every chance you get,
Oh, you find God's grace, in every mistake,
And you always give more than you take.

Oh, more than anything, yeah, and more than anything,
My wish, for you, is that this life becomes all that you want it to,
Your dreams stay big, and your worries stay small,
You never need to carry more than you can hold,
And while you're out there getting where you're getting to,
I hope you know somebody loves you, and wants the same things too,
Yeah, this is my wish.

In Memoriam

On January 7th, 2007, our truly loved and respected hall monitor passed away. Mr. Babineau was a role model, monitor, and a friend to everyone. He was at West Boylston High School for nine years, during which he took the time to get to know every person in his path. The chair at the end of the hallway will forever be remembered as his spot, and students will never forget his pocketful of mints. He will be greatly missed by everyone, may he rest in peace.

we were dreamers not so long ago,
but one by one we all had to grow up...
believe in what your heart is saying,
hear the melody that's playing.
there's no time to waste,
there's so much to celebrate.
believe in what you feel inside
and give your dreams the wings to fly.
you have everything you need,
if you just believe...

Mikayla,
Follow your
dreams wherever
they may take you.

Love,
Mom, Dad
& Ryan

Follow your dreams

Good Luck Alexis,

She's got a smile that it seems to me
Reminds me of childhood memories
Where everything was as
Fresh as the bright blue sky
Now and then when I see her face
She takes me away to that special
Place and if I'd stare too long I'd
Probably break down and cry
Sweet child o' mine
Sweet love of mine

P.S. Steven, "I Hope You Dance"

I hope you never lose your sense of wonder
Get your fill to eat but always keep that hunger
May you never take one single breath for granted
God forbid lose ever leave you empty handed
I hope you still feel small when you stand beside the ocean
Whenever one door closes, I hope one more opens.
Promise me you'llgive faith a fighting chance.

I hope you never fear those mountains in the distance.
Never settle for the path of least resistance
Living might mean taking chances but they're worth taking
Lovin' might be a mistake but it's worth making
Don't let some hell bent heart leave you bitter
When you come close to selling out reconsider
Give the heavens above more than just a passing glance

And when you get the chance to sit it out or dance
I hope you dance
I hope you dance

Thank You

To the Administration, Parents, Businesses and especially the Students of West Boylston Middle High School.

It has been my sincerest pleasure over these past five years to produce the West Boylston Middle High School Lion's Pride yearbook. At this time I would like to thank the many people that have made my job easier. I would like to thank the faculty for enduring 'club and faculty picture day. Never will I interrupt "lunchtime" again. I thank especially from the administration Mrs. Francine Bullock. Mrs. Bullock entrusted me with the yearbook without question, I only hope that I have lived up to her expectations and thank her for her help in crisis situations. I thank Mrs. Janet Fenwick and Mrs. Sally Cassidy for the endless labels and lists that I have asked them for and for being patient excepting all the order forms that passed through the main office, and to Ms. Nancy Bell for the use of her library and Mr. Steve Pellow for his technical support.

I would like to thank the many businesses in town and parents of seniors for their generous support of the yearbook. As many might know, we receive no monies from the school budget. The yearbook is supported by yearbook orders, advertisements from area businesses and parents of seniors and now eighth graders in placing personal ads to their graduating students. Over the past five years we have raised over $100,000.00 to produce five yearbooks. A huge thank you to all.

Another thank you goes to Casson-Foster Photographers, Nick D'Agostino and his dad Mike for the outstanding service to the school and to Kevin Simoneau our Josten Publishing representative. Without his help in missed deadlines and technical support our yearbook would never be published. THANK YOU!

In the end it has been my pleasure to work with some great young men and women from West Boylston. The yearbook staff has grown from a four and five member team in 2002 - 2003 to this year's exceptional staff of twelve. They all put a hundred and ten percent effort to make this yearbook the largest, 204 pages. I thank my co-editor Tyler Beardsley for all his hard work, but with great pride I thank my editor DeDe Garceau for helping make my job easy. DeDe has been with the yearbook staff for four of my last five years. I have watched her transform into a talented, resourceful and wonderful young woman. DeDe will be successful in everything her future holds. I could not have produced such great yearbooks without her. I only wish you great success in the future, DeDe and I will miss working with you. You hold a very special place in my heart. THANK YOU.

Thank you West Boylston Middle High.
